The meeting began at 3:00 PM

D. Jackson welcomes and thanks everyone attending.

Early Start and First-Year Finish Schedule Planning –

- D. Jackson made updates to the Early Start and First-Year Finish based on the group member's feedback.
- D Jackson shared that she was able to get \$275,000 to pay for the student's course cost and to possibly provide them with a stipend. This money will only be provided to First- Year Finish students.
- D. Jackson asked the group whether they would like to for an application to be created for students to apply and to get more students interested in the program.
- D. Grove suggested maybe not providing a stipend and just paying for the students' courses so that they could provide more students with this opportunity.

Webpage updating –

- Once the group has agreed on the schedule for Early Start and First- Year Finish, and agreed on how much money they will provide the web page will be updated.

Communications to Students

- They will begin communicating this to students early on, so that they can have an estimate of how many students will be part of the program and to get a higher turnout.

Instructor assignments/hiring

- D. Jackson shared that it would be best that those instructors hired last summer and who attended the professional development should be hired again this summer.
- She said that she would be sharing the process each of the schools should follow for hiring the summer instructors, so that they all follow a similar process.
