

Education/Economic and Community Development 11/01/2024

Funding Opportunity:

Fulbright-Hays Doctoral Dissertation Research Abroad (DDRA) Fellowship Program

FON:

ED-GRANTS-103024-001

Agency:

Education

Item:

Notice seeking proposals for opportunities for doctoral students to engage in dissertation research abroad in modern foreign languages and area studies. The program is designed to contribute to the development and improvement of the study of modern foreign languages and area studies in the United States.

Action:

Proposals are due January 15, 2025. An estimated \$3 million is available to fund 80 awards.

Education/Economic and Community Development 10/29/2024

Funding Opportunity:

2025 Community Wood Energy and Wood Innovation Program

FON:

USDA-FS-COMMUNITY-WOOD-2025

Agency:

U.S. Department of Agriculture

Item:

Notice seeking proposals for funding to install a thermally led community wood energy system or build or expand an innovative wood product facility.

Action:

Proposals are due December 18, 2024. An estimated \$6 million is available for awards ranging from \$10,000 to \$1 million each to support projects lasting up five years (though typically two to three).

Funding Opportunity:

2025 Wood Products Infrastructure Assistance Program

FON:

USDA-FS-WPIA-2025

Agency:

U.S. Department of Agriculture

Item:

Notice seeking proposals for funding to provide support for facilities that purchase and process byproducts of ecosystem restoration projects. This includes applications to establish, reopen, retrofit, expand, or improve a sawmill or other wood-processing facility in close proximity to federal or Indian lands that need ecosystem restoration and will generate byproducts. The emphasis is on areas of unnaturally severe high fire or insect or disease infestation with high or very high priority for ecological restoration.

Action:

Proposals are due December 18, 2024. An estimated \$20 million is available to fund multiple awards ranging from \$50,000 to \$1 million.

Funding Opportunity:

Fulbright-Hays Group Projects Abroad Program

FON:

Agency:

Education

Item:

Notice seeking proposals to promote, improve, and develop the study of modern foreign languages and area studies in the United States. The program provides opportunities for faculty, teachers, and undergraduate and graduate students to conduct group projects overseas. Projects may include either (1) short-term seminars, curriculum development, or group research or study, or (2) long-term advanced intensive language programs.

Action:

Proposals are due January 21, 2025. An estimated \$3.3 million will be available to fund approximately 20 awards. Awards may range from \$50,000 - \$300,000 based on the length of the project.

Funding Opportunity:

Wood Utilization Assistance

FON:

USDA-FS-WOOD-INNOVATIONS-2025

Agency:

U.S. Department of Agriculture

Item:

Notice seeking proposals to substantially expand and accelerate wood energy and wood products markets throughout the United States. Projects can include the following: completing requirements in the later stages of commercial wood construction projects; developing wood products manufacturing capacity, infrastructure, and markets; showcasing environmental and economic benefits of using wood as a sustainable building material in an actual commercial building; establishing statewide wood utilization teams and wood energy teams; developing a cluster of wood energy projects in a geographic area; and overcoming market barriers and stimulating expansion of wood energy in the commercial sector.

Action:

Proposals are due December 11, 2024. An estimated \$8 million is available to fund multiple awards generally up to \$300,000 (though up to \$500,000 for significant market impacts), to support projects typically lasting two to three years (though potentially up to five).

Meeting:

Notice of National Advisory Council on Innovation and Entrepreneurship Meeting and Council Nominations

FON:

Agency:

Commerce, Commerce

Item:

Notice seeking participants in a virtual public meeting, and in nominations for membership in the advisory council. The council has been charged with developing a national entrepreneurship strategy that strengthens America's ability to compete and win as the world's leading startup nation and as the world's leading innovator in critical emerging technologies and charged with identifying and recommending solutions to drive the innovation economy. This will include growing a skilled STEM workforce and removing barriers for entrepreneurs ushering innovative technologies into the market and facilitating federal dialogue with the innovation, entrepreneurship, and workforce development communities.

Action:

The meeting will be held November 19, 2024. Registration instruction and agenda will be posted on agency website. Applications for membership must be received by December 15, 2024.

Meeting:

Data Users Advisory Committee and Technical Advisory Committee Meeting

FON:

Agency:

Labor

Item:

Notice announcing two virtual public meetings: the Data Users Advisory Committee and the Technical Advisory Committee. The Data Users Advisory Committee objectives are to provide advice to the Bureau of Labor Statistics from the points of view of data users from various sectors of the U.S. economy, including the labor, business, research, academic, and government communities. The committee also advises on technical matters related to the collection, analysis, dissemination, and use of the Bureau's statistics, on its published reports, and on the broader aspects of its overall mission and function. The Technical Advisory Committee presents advice and makes recommendations to the Bureau of Labor Statistics (BLS) on technical aspects of data collection and the formulation of economic measures and makes recommendations on areas of research. The BLS presents issues and then draws on the expertise of Committee members representing specialized fields within the academic disciplines of economics, statistics, data science, and survey design.

Action:

The meetings will be held November 6-7, 2024. To participate, you must register with the agency contact directly.

Funding Opportunity:

Energy Improvements in Rural or Remote Areas – Fiscal Year 2025 Release

FON:

DE-FOA-0003428

Agency:

Energy

Item:

Notice seeking concept papers for projects that support rural and remote communities of 10,000 people or fewer to build clean energy projects that benefit their communities. Applicants must propose projects that support at least one of these eligible activities: A. Improving overall cost-effectiveness of energy generation, transmission, or distribution systems; B. Siting or upgrading transmission and distribution lines; C. Reducing greenhouse gas emissions from energy generation in rural or remote areas; D. Providing or modernizing electric generation facilities; E. Developing microgrids; and F. Increasing energy efficiency.

Action:

Required concept papers are due February 27, 2025. An estimated \$400 million is available to fund 20 to 50 awards ranging from \$2 million to \$50 million each to support projects lasting up to seven years. A cost share of 5 or 20 percent is required depending on the Topic Area.

Item:

Notice seeking proposals for projects from any NIFA-certified Non-Land Grant College of Agriculture (NLGCA). Projects may include using the funds (a) to successfully compete for funds from federal grants and other sources to carry out educational, research, and outreach activities that address priority concerns of national, regional, State, and local interest; (b) to disseminate information relating to priority concerns to interested members of the agriculture, renewable resources, and other relevant communities, the public, and any other interested entity; (c) to encourage members of the agriculture, renewable resources, and other relevant communities to participate in priority education, research, and outreach activities by providing matching funding to leverage grant funds. The project may also include: (1) the purchase or other acquisition of equipment and other infrastructure (not including alteration, repair, renovation, or construction of buildings); (2) the professional growth and development of the faculty of the NLGCA Institution; and (3) the development of graduate assistantships.

Action:

Proposals are due November 15, 2024. An estimated \$5.7 million is available to fund 20 institutions. Award amounts will vary between \$150,000-\$750,000.

Funding Opportunity:

National Animal Disease Preparedness and Response Program Fiscal Year 2025

FON:

USDA-APHIS-10025-VSSP0000-25-0001

Agency:

U.S. Department of Agriculture

Item:

Notice seeking proposals to support projects that help prevent the introduction and spread of foreign and emerging animal diseases that threaten U.S. agriculture. Applications are sought in the following core topics: 1. Develop, enhance, and exercise State and Tribal animal disease outbreak emergency response plans; 2. Support livestock and poultry biosecurity measures and programs; 3. Enhance capability and capacity for depopulation, carcass disposal, and decontamination in a disease outbreak; 4. Support animal movement decisions in a disease outbreak; 5. Enhance animal disease traceability during a disease outbreak; 6. Develop and deliver training & exercises to improve animal disease outbreak response capabilities; and 7. Support outreach & education on animal disease prevention, preparedness, and response.

Action:

Proposals are due October 18, 2024. An estimated \$16.5 million is available for awards averaging \$220,000. Eligibility for colleges and universities is limited to Land-Grant Universities and other entities eligible to receive funds under a capacity and

infrastructure program of the Department of Agriculture Reorganization Act of 1994, including entities eligible for the National Institute of Food and Agriculture Federal Assistance Programs; and colleges of veterinary medicine, including a veterinary emergency team at such colleges. Other colleges and universities may be able to collaborate with the above or other eligible applicant types.
