Subj: Fishing Prohibited on CSUB Campus

Directive: 14-2

The ponds in the Housing Area serve as holding ponds for the campus water run off system. These ponds also provide an aesthetic value to the area; however, for safety purposes, they are not intended to provide recreational fishing for on or off campus personnel.

Therefore, fishing on the CSUB campus is prohibited. Also, for safety purposes, entry into the fenced area surrounding the ponds by unauthorized personnel is also prohibited.

This policy has been signed by VP Mike Neal on 3-3-14.

The intent is to seek compliance by anyone violating this policy. Enforcement methods should be used as a last resort. If it happens to be a CSUB employee or student that does not wish comply, before any enforcement action is taken contact a supervisor. My intent would be to try administrative actions against an employee or student before any police enforcement actions are taken.
